

# Matthew O'Leary

Computer Science (Major) and Business (Minor) Undergraduate | Trinity College Dublin

Dublin, Ireland | +353 89 206 5432 | matthewpoleary@gmail.com | [LinkedIn](#) | [GitHub](#)

## PROFILE

Computer Science (Major) and Business (Minor) student at Trinity College Dublin who builds software for real businesses. Founder of StudyWith, an AI tutoring platform. Seeking a summer 2027 internship in software, fintech or strategy.

## KEY SKILLS

- Languages: TypeScript, Java, SQL and ARM Assembly
- Tools: Next.js, React, Tailwind CSS, Supabase (Postgres), Git, and Excel modelling for data analysis
- Spoken languages: French, Spanish and Irish

## EDUCATION

**Trinity College Dublin | BA Computer Science (Major) and Business (Minor)** | Sept 2024 – Present

Current grade: 2.1. Business, programming, data-driven decision-making, Java and ARM Assembly.

**St Conleth's College | Leaving Certificate – 589 Points** | Sept 2018 – June 2024

H1s in French, Spanish and Biology; H2 in Maths. John Kelly Award for Spanish. Head Boy and Senior Cup Rugby Captain.

## PROFESSIONAL EXPERIENCE

**Unio Wealth Management** | Data Analysis Intern | May 2025 – Sept 2025, May 2026- Sept 2026

- Cleansed and validated large datasets for the data team, supporting accurate reporting.
- Used SQL to query data and resolve data quality issues.
- Worked independently on assigned tasks and returned for a second summer in the role.

**Trinity Student Managed Fund** | Junior Analyst, Financial Banks | Sept 2025- May 2026

- Carried out equity research on listed financial-sector banks as part of a student-run investment fund.

## PROJECTS & VENTURES

**StudyWith** | Founder, AI-Powered Tutoring Platform | 2025 – Present

- Founded and built an AI-powered Socratic tutoring platform (Next.js, TypeScript, Supabase) with an AI tutor and learning receipts.
- Led cold outreach to Irish grinds and tutoring providers, securing positive engagement from an established grinds company.
- Managed the product end-to-end from prototype to a formal business listing, with analytics and iterative development.

**The Driving School Dublin** | Developer, Lesson Booking System | 2026 – Present

- Built a lesson booking website and availability system for a Dublin driving school (Next.js, TypeScript, Supabase).

**Tally** | Creator, Shift and Pay Tracking App | Sept 2026 – Present

- Built a mobile-first pay tracker (Next.js, TypeScript, Supabase) that calculates pay under Irish pay rules.
- Used row-level security tested across users and an AI budgeting assistant whose figures are computed in code.

## OTHER EXPERIENCE

**Rody Boland's Rathmines** | Bartender & Waiter | Jan 2026 – June 2026

- Delivered attentive service in a busy pub, balancing bar and table work with accurate orders and payments.

**The Swan Bar** | Junior Bartender | Aug 2024 – May 2025

- Handled cash and card payments accurately and served drinks under pressure in a busy city-centre bar.

## HOBBIES & INTERESTS

Distance running (marathon training), golf, padel and rugby, alongside a strong interest in Classics and ancient history.
